

Jim Lewis Memorial DOG

Dogwood Chapter, LSDOS, will host a Jim Lewis Memorial DOG on Saturday October 4, 2008 at the Blackjack group camping area at Tyler State Park. Camping is available, we suggest reservations, or you are welcome to come for the day.

Eloice thinks this is wonderful that we want to honor Jim. She and several other family members have expressed an interest in being there. This received a positive response when I announced it at the services yesterday and even some of Jim's non Dutch Oven cooking friends expressed an interest.

We will share pictures, a DVD production of pictures from Jim's life, and Jim stories--Earl Timmons and I still have lots more to tell. We need you to bring your memories, pictures and stories to share. We may even have Jim cooking hats available for those of you who want to wear one. These will be just like the one he always wore to cook in--his hat was on the podium of the church as it was just a part of Jim that we all remembered. Just look at this as another excuse for a big DOG.

You can contact Andy Young or me for additional information.
